Our team offers competitive rates for top-tier talent in software development, DevOps, design, and quality assurance. We're committed to delivering exceptional value and helping you achieve your project goals.

| Role                             | Level               | Rate (per hour) |
|----------------------------------|---------------------|-----------------|
| Developer                        | Junior              | \$15            |
|                                  | Mid                 | \$20            |
|                                  | Senior              | \$25            |
| DevOps Engineer                  | Junior              | \$15            |
|                                  | Mid                 | \$20            |
|                                  | Senior              | \$25            |
| Designer                         | Flat Rate           | \$15            |
| QA Engineer                      | Manual QA           | \$15            |
|                                  | Automation QA       | \$18            |
|                                  | Security/Pen Tester | \$20            |
| IoT hardware + Firmware Engineer | Flat Rate           | \$25            |
| Digital Marketing                | SEO/SMO/PPC         | TBD             |

## Contracts:

Here are different types of contracts, and we can choose the most suitable one based on the project requirements.

### **Fixed Cost Contract**

- Costs are determined based on the specific project scope and requirements.
- Payment Terms: Divided into smaller milestones.

### **Hourly Model Contract**

- Billing is based on an hourly rate of \$15 to \$20 per hour.
- Payments to be made every 15-30 days, reflecting the actual utilized hours.

### **Dedicated Developer Model**

- A fixed monthly rate of \$2000-\$2500 is charged for full-time (160 hours) developer access.
- Payment term: Monthly billing cycle.

*Note: If you prefer to keep our agency's involvement confidential, we can operate under a white-label model. In this scenario, our team will work directly with your client as if they were your own employees.*
